## SGC Newsletter 7

### Welcome and Thankyou

Welcome to our latest newsletter and to all our new customers, welcome to the family. Last Month SGC celebrated it's 2nd birthday. Some of you may have seen 2 new helpers with Sunny over the school summer holidays. Our boys gave their dad a hand!

### Invoices

If you think you are due an invoice and don't receive one, please check your spam folder and add SGC to the safe senders list. Also when making a payment, PLEASE could you put the number of the invoice you are paying on the transaction, it makes my life a whole lot easier!!!!

### Special Offers

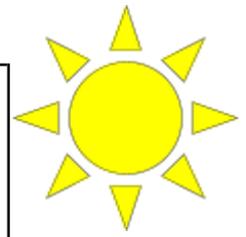

Book a 3hr gardening session ( 1 visit of 3hrs or more) and we wont charge you for the green waste disposal. Please email us at the usual address [sunnysgardencare@gmail.com](mailto:sunnysgardencare@gmail.com) to book a slot. Please mention SGCWD06 when booking. Offer Valid until 30/05/21 **PLUS** a free Packet of Spring Bulbs when you book this offer before 6th May ( Sunny's Birthday)

### Got a question!

Sunny is always available to answer any gardening questions you may have. If you don't see him in person , why not email him [sunnysgardencare@gmail.com](mailto:sunnysgardencare@gmail.com)

We have been spotted by Google maps - the van is on several photos taken by them in the last week. The photos have not appeared yet as the maps have not been updated.

## Did you know....

SGC care doesn't just cut lawns or weed gardens. We also provide a hedge trimming service, can water blast your paths or even chop down trees ( to a certain height). We also rent out garden bags at \$25 each bag, drop it off with you, then, when it's full, come back and collect it!

## Public Holidays

Most of the time you will see Sunny on the same day each week. However if it is a public holiday, eg Anzac Day 26th April and Queens Birthday 7th June, we're emailing people in advance whose usual day falls on those dates reschedule all appointments so no one misses out. This also may mean that for the rest of the week other people may see him at a different time while he plays 'catch up' We won't miss you out!

## Garden Advice Corner- Autumn

Yes I know we've only just got into autumn, but there is still plenty to do in the colder months. Adding mulch to the garden helps prevent moisture and temperature variations which plants don't like. It's also time to start planning those spring bulbs . However, as I write this, there is approx a 10 week wait time for a gardening slot. ( although there are 2hr slots available on some Sundays but not using power tools)

## Getting in Touch

There are lots of ways to get hold of us
