## SGC Newsletter 3

### Welcome

Welcome to the latest Sunny's Garden Care Newsletter. I would like to wish all our existing customers a very Happy New Year and to all new customers, welcome to the family! Thanks for all the feedback too, please keep emailing me or chatting to me as I'm always keen to improve the service in any way I can. Watch out for information about customer feedback forms later on in the newsletter.

### All about Me

As you know Sunny's Garden Care involves the whole of Team Blest! My wife Fi has stepped back her role as full time NE teacher after 27 years to help out with more behind the scenes work this year. Some of you are already getting emails from her and soon you may get to meet the last member of Team Blest when she comes out for the occasional day with me once the boys are back at school. She already has a 'to do' list, one that just keeps getting longer and longer day by day!

### Advice Corner #3

During these long hot summer days the best time to water your plants is in the early morning or late evening. Particularly with plants in pots, ensure you water at soil level, so it can get to the roots, where it's needed most. Any water on foliage runs off and can be wasted.

### Website

[www.sunnysgardencare.co.nz](http://www.sunnysgardencare.co.nz)

Have a look at the website for all the latest information about SGC.

### Feedback forms

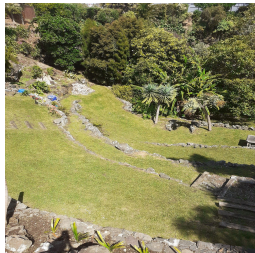

From time to time we will be asking some of our customers to fill in a our new feedback form. This is to help us evaluate our work, our customer service and make changes where necessary. We endeavour to offer a high quality service but we need to know if we don't get something right!!

## Thanks!

A new 'before and after' picture from one of our customer's garden.

## Before 'n' After

## Special Offer ( Lawnmowing)

**Introduce a friend to SGC and get your lawn cut for free!**

When you introduce a friend to SGC - THEY get their first cut free. When they sign up for regular visits then YOU will also receive one free cut.
