

SGC Newsletter 5

Hello again!

Welcome to the latest Newsletter. We're now in Daylight Saving so the days are getting longer, which means more gardening hours for Sunny and on a Saturday now too! But he is getting booked up very quickly so the slots available for gardening are going thick and fast! (All Saturday slots in October are already fully booked)

Christmas Arrangements

As I write this, there are less than 100 days to Christmas! This year, Sunny's last full day will be **Wednesday 23rd December**. He will also be working on 29th, 30th and 31st December but if you require lawns or gardening work on those days, it's best to book a slot by email due to restricted hours. He will return to work on Tuesday 5th January. Sunny will be taking his annual holiday later on in 2021, but, as yet, we have no plans as to when this will be.

Lawn Care

There are lots of simple things you can do to keep your lawn in tip top shape:

- Keep on top of the weeds
- Add new seed to areas that are looking patchy
- Water in the morning (being mindful of the restrictions)
- Trim overhanging trees so there is less shade and reduce the chance of moss

Special Offer

It's Weed and Feed time again. However, due to the water restrictions, it's not going to be possible to do this yet - it will subject to the lifting of the hosepipe ban, we'll keep you posted

So in view of these restrictions..... We can offer.....

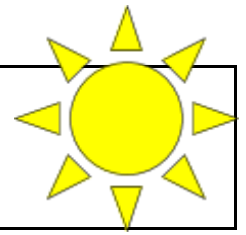

Broadleaf weed killer.

Basically this is the Weed part without the Feed bit and it can be done using a hand sprayer.

However this takes a lot longer as it's done by hand. The price for this is \$20.

This offer ends on Friday 6th November. Please mention SGCWK04 when booking (email booking preferred) to receive this offer.

If you would like this treatment for your lawn, Sunny will do it on the next scheduled lawn mowing. Note: It usually takes about 3 weeks to see the results.

Got a question!

Sunny is always available to answer any gardening questions you may have. If you don't see him in person, why not email him sunnysgardencare@gmail.com

Free Gift

It's a pen! A magnetic fridge pen to be precise. I have finally delivered all of them, it seemed to take me ages due to lockdown! Have you got yours yet? Be sure to check your letterbox and if you haven't received yours, please let me know and I'll get one delivered to you asap.

Don't forget.....Look out for the van!

And check out the website

www.sunnysgardencare.co.nz

In the next Newsletter.....

- Special Offer - another fabulous gardening offer

- More pictures - Feature garden
- Gardening tips for the summer
